

# three ways Promptline Studio helps you make money:

*this site is under construction*

1. Implement LLM and Ai tools for your business
2. Save you time using LLM and Ai tools
3. Using LLM and Ai tools to reduce your risks

# implement LLM and Ai tools

Do you want to take advantage of Ai but are not sure how to? Promptline Studio was created to deliver LLM, ML and Ai solutions to individuals and small businesses scaled to fit their needs.

Our team works directly with you to build these systems the way you need them. Even if you have no data – we can help you get started with what you have.

Curious about what we do? Want to learn more?  
Contact us at ....@promptline-studio.com

# save time using LLM and Ai

We will help you gather and organize your data to create local copies and systems, then if needed utilize cloud technologies to house your business data and Ai.

We show you how to use LLM's and Ai for research, forecasting, estimating, book keeping, creating robust draft business documents, writing communications for operations.

We help you by creating your own LLM or Ai library for future use which will contain your prompts, data, Ai Agent if we make one and business documentation.

# reduce your risks with LLM & Ai

We will assist in helping you focus on the management of accounting, liquidity and credit plus disaster recovery using LLM and Ai.

LLM's are great with standing up systems that guard against theft, burglary and protecting a physical locations and we offer support in these areas.

Governance of business documents is key to keeping legal issues in check and making sure your teams are on the same page ( no pun intended ) when work starts.

# solutions for individuals

If you are an individual, we have a package designed to teach you how to use, build and maintain your own Ai or LLM. To take advantage of Ai without risking your data and privacy, we guide you to safety.

Promptline Studio makes sure any uses of Ai are real, practical and serves you. There are many everyday uses for Ai and we are here to help you figure out which ones to use without killing your wallet or wasting your time.

# small business solutions

If you are small business, Promptline Studio can help you develop LLM's or Ai Agents that fit your business. We believe simple is best and strive to produce real useable results tailored to your needs or interests.

We focus on security, privacy and compliance structured around what is best for you or your business. We use common sense to keep results real, actionable and valuable for you or your company.

From prompt engineering to stand alone local Ai Agents, we can help small businesses like yours take advantage of the opportunities Ai offers.

# how much we cost

First consultation is free up to 60 minutes. Then we offer:

- fixed price packages starting \$150.00
- monthly retainers starting \$1000.00
- training sessions starting \$300.00
- strategy workshops starting \$500.00

There may be additional costs for hardware or software you will need to use LLM or Ai at your site.

Please note – we have no hidden charges or fees and we really don't want your data – we are just here to help you use it.
